

THE TRUTH ABOUT MARIJUANA

MARIJUANA AND SCHOOL ACHIEVEMENT

Share this Information with your Child/Teen Today!!

Research Shows:

Children/Teens that use Marijuana:

Are MUCH less likely to reach their potential in school and MUCH more likely to get failing grades.

Marijuana affects memory, concentration, and ability to learn:

For days, sometimes weeks after use.

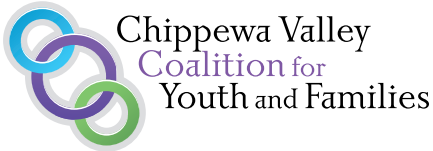

Marijuana use is a particular threat to children/teens:

Because their brains are still developing & they are at greater risk of addiction.

Marijuana is a Dangerous Drug!
